

NEWS AND VIEWS...

And What Have You

By BOB CRAIG

Apparently Hamlin just barely avoided being struck with disaster Saturday as the trio of convicts, who escaped from Colorado, killed T.L. Baker near Rotan, passed through Hamlin and then went on a rampage of shooting and killing in Central Texas.

Somewhere during this reign of terror the trio, switched from picking their victims on the basis of revenge to a wild shooting spree.

Fortunately for Hamlin residents, the trio passed through here without feeling the need for new transportation or anything else that they would have had to take by force. For this we can be eternally thankful.

We can also be eternally thankful that they did not hole up here. From all reports we have received about half of Hamlin must have been on hand when the officers searched the homes here. Had they been holed up in any one of these homes there is no telling how many of the curiosity seekers might have gotten in the way of a bullet before the battle was over.

It is bad enough that we have all of these unneeded people at fires and other disaster areas but it is just plain stupid of people to gather around something like this. In the first place they are endangering their own safety and in the second place they only hamper those who are trying to do a dangerous task.

One can only wonder how many curiosity seekers have been drawn to the Stephenville area endangering both their lives and the lives of the Lawmen trying to do their job.

We would like to express our appreciation to all of you who took time to vote Saturday, regardless of how you voted. Naturally, we were quite pleased that the bond election passed and we can now go ahead with the work needed to insure that Hamlin has its needed medical facilities in the years ahead.

But nearly as important as the outcome was the fact that a large number of residents within the district turned out to vote. Even as large as the turn out was it still was probably not half of the qualified voters within the district.

We think that you might enjoy the following bit of humor by my friend Bob Miller, publisher of the Hamilton Herald-News:

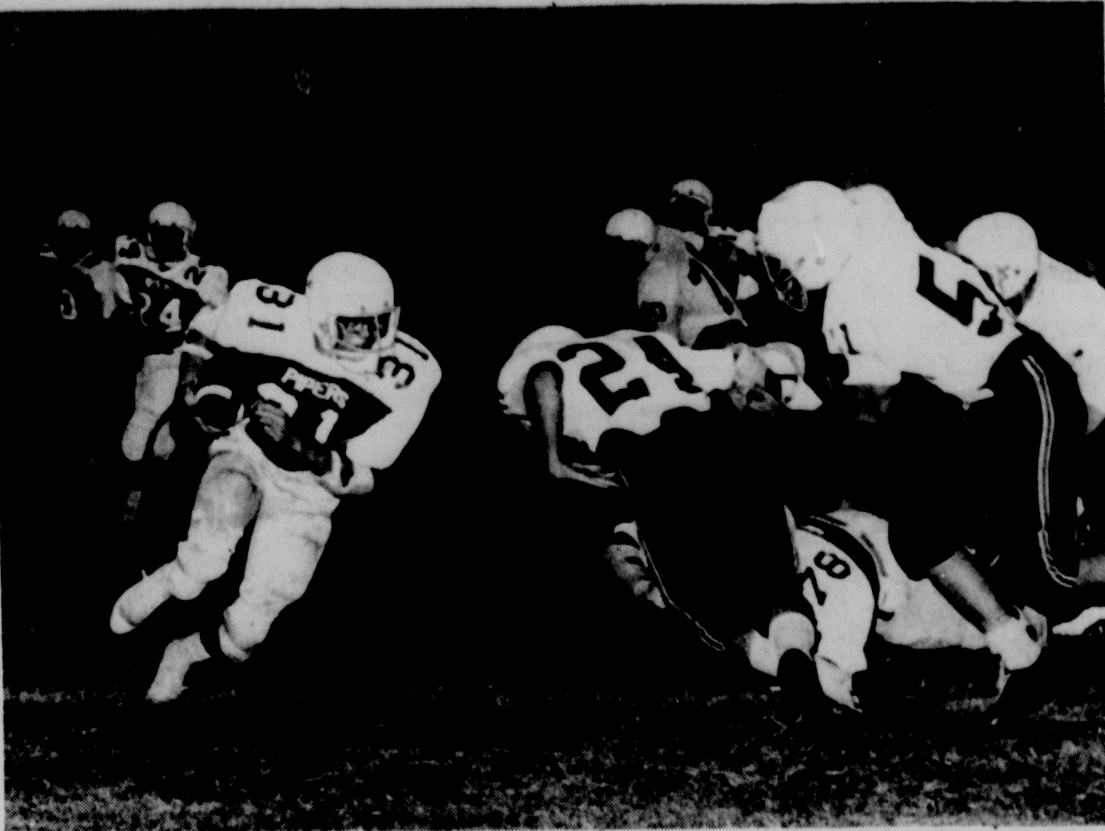

Boy, did I breathe a sigh of relief when President Gerald Ford nominated Nelson Rockefeller for vice president Tuesday morning. I was holding my breath for fear that he would nominate me.

Everything was going along all right while they were talking about nominating Howard Baker, Barry Goldwater, George Bush or Rockefeller, among others. But one by one these people were eliminated as politics took their toll. After Newsweek bushwhacked Bush, there appeared to be no one left. Rockefeller was said to be too liberal, a remark that has nothing to do with how much he puts in the collection plate on Sunday.

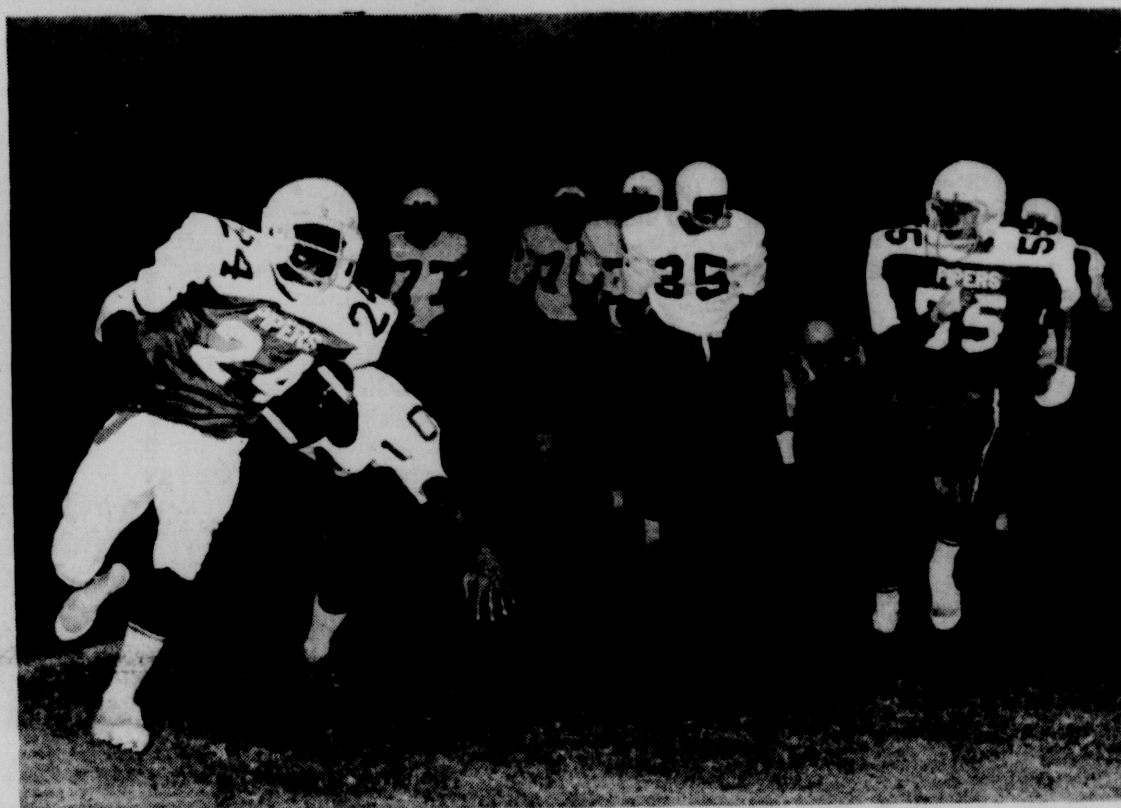

For a couple of days there were rumors coming out of Washington that Ford was going to nominate a compromise candidate: someone who had never been in politics, was young enough to assume the presidency in an emergency, who had never accepted pay to influence a vote, and who was unknown in Washington.

That's a four-way description of me and a couple of other fellows I know, and I wouldn't vote for them. So I got to thinking the President might nominate me. I am not as old as I look and can certainly meet the age requirement. The only time I

SEYMOUR SCRIMMAGE — Steve Evans (31) senior fullback for the Pied Pipers breaks loose for a good gain here Friday evening in the scrimmage with the Seymour Panthers. This Friday the Pipers will travel to Olney to scrimmage Coach Charlie Davis' Olney squads. The freshmen will open the practice sessions at 4 p.m.; they will be followed by the junior varsity at 5 and the varsity will take the field at 6. (Photo by Tim Jones)

WILLIS TURNS THE CORNER — Junior halfback Daniel Willis (24) turns the corner for good yardage against the Seymour Panthers here Friday evening as the Pipers gained about 400 yards to the Panther's 200 in the controlled scrimmage. Coming up to help block for Willis is Gary Neal (55) senior center. The Pipers will scrimmage Olney Friday and then open the season here with Rotan Friday, Sept. 6. (Photo by Tim Jones)

KILL AREA RANCHER—

Trio Creates Wave of Terror Through Area

A three-day reign of terror came to an end near Stephenville early Tuesday morning with the capture of two escaped Colorado convicts and the death of the third one. Before their capture the trio killed two and wounded five and assaulted two women that they had kidnapped in New Mexico.

T. L. Baker, father of Eugene Baker of Hamlin, was the first victim of the trio early Saturday morning at his ranch home in Stonewall County. News reports indicate that Baker's death was a revenge killing for his testimony against one of the three escaped convicts, but his son Eugene said Monday that his father had not testified in any trial.

The gun used by Dalton Williams in a shooting spree in Colorado that led to his imprisonment at the

Colorado State Penitentiary in Canon City was reportedly taken from the Baker home by Ray Dean Campbell and Williams earlier this year. Campbell is still serving time in the Colorado prison and reportedly is the one that warned Colorado Prison authorities that the escaped trio might be on their way to Texas seeking revenge.

The escaped trio were Dalton Williams, 29, formerly of Snyder; Jerry Ulmer, 22, also formerly of Snyder; and Richard Magnum, 22. Magnum was killed and Ulmer was wounded during the capture early Tuesday morning by lawmen called in from all over the state in the man hunt that lasted for three days.

Following their escape from the Colorado prison, the trio stole several cars in Colorado and New Mexico before abducting the two girls in New Mexico. They abandoned the girl's car and stole a pickup with a camper cover on it in New Mexico. This is the vehicle that they remained in from some time Friday until late Saturday evening when they stole a car in Breckenridge.

Mr. Baker was apparently gunned down by the trio at his ranch home 16 miles north of Rotan early Saturday morning. His son, Gary, came upon the trio at his father's home after the shooting and was left tied to a utility pole. He later escaped and alerted officers. He first reported his father as being kidnapped but

the body of Mr. Baker was discovered by authorities at the home.

According to Hamlin Police Chief Ed Wheat, the trio was reported to have been spotted in Hamlin about 9:30 but this was before the report was out that the men were being sought.

Mr. Baker was apparently warned Friday that the trio had escaped and that they might be on the way down here looking for revenge against him. He was warned by the father of Campbell, Slim Campbell of Rotan, after Ray Dean had called his father to warn Mr. Baker.

Mr. Baker checked with the Stonewall County Sheriff's department Friday but no report was out about a Colorado prison break. It was some 17 to 18 hours later before the sheriff's department received an answer from the Colorado authorities. This was after Mr. Baker had already been killed by the trio.

After reports were received here about the trio and they were reported to have been sighted, area law enforcement officers converged on Hamlin to check out the homes of J. W. Turner, Williams' father-in-law, and Mrs. Felton West, Mrs. Turner's mother. A helicopter from the Texas Department of Public Safety out of Midland took part in the search here.

The trio was not heard from again until late Saturday evening when they tied up a

young Breckenridge man and stole his car. The men stole the car about 7 p.m. Saturday and it was 8:30 before the man was able to draw the attention of neighbors and report the theft to officers.

Following this the men released the two girls on the outskirts of Graham and then were next sighted near Mineral Wells where they shot up a Highway Patrol car. After this the trio allegedly killed Mrs. Ray Ott and injured her husband

at their home near Strawn. The couple is reported to have testified against one of the three men. The men shot and wounded at least three others as they created a wave of terror throughout the northern part of Erath County just north of Stephenville.

When their last known stolen vehicle was found abandoned in the area, over 200 law enforcement officers, federal, state and area officers, converged on about a

five-square-mile area. It was not until sometime Monday that the trio was seen again and it was early Tuesday morning when they tried to break out of the closed off area and were captured.

Taking part in the manhunt Saturday and part of Sunday were Jones County Sheriff Woodrow Simmons and his deputy, Bill Erwin; Stonewall County Sheriff Marvin Crawford and Hamlin Police Sergeant Doyce Gillilan.

BAND OFFICERS — Hamlin High School band students who will be guiding the activities of the 1974-75 Piper Band are from left, Sonja Williams, secretary; Kimi Mehaffey, reporter; Rebecca Server, librarian; Tracy Rowland, vice president; Rita Casey, historian; and Cheryl Lewis, president.

Hospital Bonds Get Nearly 3-1 Approval

Qualified voters within the Hamlin Hospital District gave nearly a 3-1 approval to the \$500,000 bond election here Saturday. With 753 votes cast, 555 voted in favor of the issue while only 198 opposed it.

The bond issue is the second one approved by the district for the purpose of remodeling the Hamlin Memorial Hospital. The election was called by the Board of Directors after it was learned that the original \$500,000 bond issue voted in December would not be

enough to handle the needs of the district.

A strong turnout of voters from the southern part of the

Jim Watson Recovering From Surgery

Jim Watson, who is recovering in John Sealy Hospital in Galveston after a kidney transplant there last Tuesday, talked with friends here Sunday and said that although he was experiencing some complications, his doctors indicated that these were to be expected.

Jim, talking to L. C. Bonds, his father's employer, said that the kidney was functioning well and doctors note that it is not unusual to be experiencing some problems. A careful watch on high blood pressure and dehydration is being maintained.

Jim, only son of Mr. and Mrs. W. M. Watson, and his mother flew to Galveston last Tuesday morning where he was taken to surgery that evening. He had been taking dialysis treatments three times weekly in Abilene since both kidneys were removed last September.

They were notified Monday evening that a donor with matching blood type had been found. After further checking to determine a perfect match, Jim was told to report to Galveston for surgery.

The Jim Watson Fund at Farmers and Merchants National Bank was started by friends last week to aid the family with mounting expenses. Tuesday, the amount deposited was over \$700. More donations have been given to be added to this amount. Over \$250 was given by friends earlier to provide the air ambulance for the flight to Galveston.

district were on hand to express their opposition to the election. According to an Abilene Reporter-News story about 100 landowners in the southern part of the county met last month to plan their opposition to the district.

Tip Carter, a spokesman for the group, said that the landowners have hired two attorneys, Charles Clark of Tyler and Jim Miller of Fort Worth to see if there is any legal way to have the district invalidated.

A number of people were turned away from the polls here Saturday who owned property within the district but did not reside within the district. Only those living within the district were eligible to vote on the bond election. The same rules apply to hospital districts that apply to city, school, county or state elections.

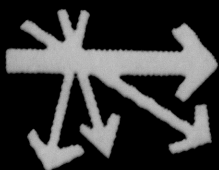

The Hospital Board voted to call the second bond election after receiving estimates of the cost of remodeling from the architect hired by the district, Don Hampton of Sweetwater.

The additional bonds were needed to meet the increased costs of remodeling of the hospital to meet federal and state requirements. Current estimates of the cost of remodeling has been set at \$650,000. In addition, the district will need to spend an estimated \$200,000 on equipment.

School Announces Free
Lunch Policy for Year

Bob Hawes, superin-
tendent, this week announced
a free lunch policy for the
Hamlin Public School
children unable to pay.
Local school officials have
adopted the following family
size and income scale to
assist them in determining
eligibility.

**Revised Free Lunch
Eligibility Income Scale**
(Minimum Guidelines In-
creased by 25 percent) 1974-
75.

Family Size	Family Annual Income

2	0-3830
3	0-4740
4	0-5640
5	0-6480
6	0-7310
7	0-8060
8	0-8810
9	0-9510
10	0-10,190
11	0-10,860
12	0-11,530

Each additional family
member \$670
Families falling within
these scales or those suf-
fering from unusual cir-
cumstances or hardships are
urged to apply for free lun-
ches for their children. They
may do so by filling in the
application forms sent home
in a letter to parents. Ad-
ditional copies are available
at the principal's office in
each school.

Applications may be
submitted any time during
the school year. The form
itself is simple to complete
and requests information
needed to determine
economic need based on the
income and number of per-
sons in the family and any
unusual circumstances or
hardships which affect the
family's ability to pay for a
school lunch.

The information provided
on the application will be
confidential and will be used
only for the purpose of
determining eligibility.

Under the provisions of the
policy, the school principal
will review applications and

determine eligibility. If a
parent is dissatisfied with the
ruling of the local official he
may make a request either
orally or in writing for a
hearing to appeal the
decision. The superintendent
has been designated as the
hearing official. Hearing
procedures are outlined in the
policy.

The policy also provides
that there will be no iden-
tification of or discrimination
against any student unable to
pay the full cost of a lunch.
A complete copy of the
policy is on file in each school
and in the office of the
superintendent where it may
be reviewed by any in-
terested person.

Reddy's consumer tips on ...
lighting

Edison's light bulb has come a long way since it first lit up the
night in 1879; today, lighting is such a natural part of our lives
we hardly give it a thought. But the fact is, the more choice we
have in how we can use light, the more attention we should pay to
how we buy and use light bulbs and lighting fixtures. Put a lit-
tle more light in your life by following Reddy's money-saving,
energy-conserving lighting tips:

CARE FOR LIGHTING EQUIPMENT

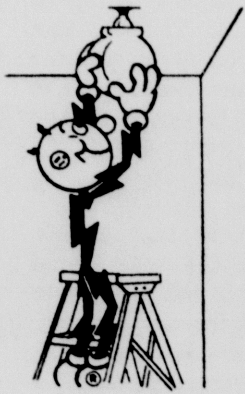

Dust and dirt alone cause substan-
tial losses in the amount of light
produced. Systematic cleaning is
important. Clean lamp bulbs
(when they are cool) with a damp
cloth.

Check frequently for defective
cords or plugs. Replace or
repair them immediately if
they are faulty.

LESS IS MORE

Generally, you'll get more
light for your money if
you use the least amount
of bulbs that give the
light you need. For in-
stance, one 100-watt bulb
gives more light than
three 40-watt bulbs—and
costs about one-third less
to buy and replace.

READ THE LABEL

Speaking of "lumens," you'll find
that all light bulbs have three
ratings on their packaging. Lumens
tell you what the light output or
performance of the bulb is. "Watts"
tell you how much electricity is
needed to produce that light, and
"bulb life" is the estimated length of
time it will take the filament inside
the bulb to burn out. When
brightness is more important than
bulb life—for reading, studying or
working—choose the "standard" life
bulb that gives you the most lumens
for its wattage.

Remember, Reddy supplies the energy, but only you
can use it wisely.

Mrs. Nichols gave the Bible Quiz. Mrs. Money gave the devotional on John 1.

Attending were Mmes. Newell King, Wallace, R. F. Jackson, Clark, Nichols, Money, G. B. Phillips, Barney Smith, Wallace, Haight, Jess Treadwell and Mrs. S. C. Nichols.

Members participated in a grab box and Mrs. Wallace gave the closing prayer.

Miss Smart, Eddie Gibson Plan Wedding

Mr. and Mrs. James G. Smart of McCaulley are announcing the engagement of their daughter, Tiny Ann, to Eddie Wayne Gibson, son of Edward T. Gibson of McCaulley and the late Mrs. Gibson.

A wedding date will be set later.

Miss Smart is a senior at McCaulley High School.

Her fiancé is a 1973 graduate of McCaulley High School and is a sophomore at Tarleton State University, Stephenville.

Volunteers Sought for Right to Read

Parents to volunteer to assist in the local elementary school Right to Read program are being sought by school personnel.

Those who volunteer will be used in the resource center manipulating various learning centers, according to Larry Butler, principal. The resource center is under the direction of Mrs. Richard Young.

Parents who have an hour or two a day for a few days a week are asked to come by the elementary school and inquire at the resource room.

"Through parental involvement," Butler said, "hopefully, all children who desire or earn extra help will benefit from added instruction."

New Activities Planned for Lodge Guests

A new program being initiated by Mrs. Robert Christian, activity director, at Holiday Lodge is providing activities and services for Lodge residents.

Mrs. Christian is organizing game activities and various entertainment for the residents as well as providing needed services for the patients.

Tuesday afternoon a coronation ceremony was held and John Dominey was crowned as king and Lola Williams was crowned as queen for the month of August. Their selection was made by vote of the residents.

Mrs. Christian also is requesting the assistance of volunteers to provide needed services for the residents.

Needed are people to read to those who cannot manage as well as they once did, and someone or a group to mend clothing.

Other needs include a group to sponsor the birthday party each month by furnishing a cake and persons to serve.

Anyone wishing to help with these or other worthwhile endeavors should contact Mrs. Christian at 576-2329 after 5 p.m.

At a special called conference of the Baptist church, Wednesday night it was voted to instruct the Pulpit Committee to invite Rev. Reeves to hold a ten days revival in Hamlin, beginning Monday night, September 1.

The Jones County Baptist Association will convene with the Elliott Baptist Church, six miles south of Anson, Thursday, September 4, and extend to Sunday, September 7. Representatives from the Baptist State Board are expected to be present and take part in the program. Rev. J.H. Edmonds of Anson will preach the annual sermon, Thursday, at 11:00 a.m. A.S. Barkley is moderator and W.C. Cutrell secretary of the association.

A fine rain amounting to one and one-fourth inches has put a different smile on the face of everything. Cotton will undoubtedly be benefitted. This weeks rain came after a period of very hot weather. Sunday was one of the hottest in a long time.

The Hamlin School Board has authorized the Hamlin school to be opened Wednesday, September 10. The faculty will be in session the two preceding days, of September 8 and 9, making extensive preparations for the beginning of their work.

Campaign to clamp down on loud mufflers on automobiles on the streets of Hamlin will be inaugurated this weekend, it was announced by city officials first of the week. Police J.H. Foster, T.W. (Mickey) McGuire and Earl Hines will work in the drive.

Four additions and seven rededications were visible result in the eight-day revival meeting that closed Sunday night at the Golan Methodist Church, reports Rev. Gene Louder, pastor.

Don Crowley, June graduate of Hamlin High School, was notified this week that he had been named winner of the all-expense four-year scholarship at Texas Technological College given by the Texas Pacific Coal & Oil Company.

was ever in politics was when I lost out on being delegate to the precinct convention. Nobody in Washington knows me or has my address except the I.R.S. and the Selective Service. And, unfortunately, nobody has ever offered me any cash to use in fluence.

The first realization that they might be talking about me as vice president gave me a thrill. But then I read about the national debt, compared it with my own, and concluded that the federal government is the only outfit in the United States that has bigger problems than I do.

That is why I was so relieved Tuesday when President Ford announced that he had decided to nominate Nelson Rockefeller. As George Bush so intelligently remarked after the selection was announced, "Nelson is obviously the number one man for the job." To me, of course, this was not obvious until the President made him number one.

Reflection on the appointment confirms my faith in the wisdom of the President. Who in this country could look at the national debt and be able to pay it off if he didn't like it? No one but Rockefeller that I know of. The fact that Rockefeller is said to be liberal gives hope that he might do that very thing.

And I liked the way he answered reporters on the question of public disclosure of finances. Disclosing my financial condition would be a personal embarrassment to me, but the man the President picked could do it with a swagger. In fact, he showed class when he told the reporters it was none of their business, but that he would tell Congress anything they wanted to know.

He probably figures Congress wouldn't understand his finances any better than they understand the national budget.

REST

A day of play has tired
this little one, but now
sleep will bring about the
needed rest. This is the time
for restoring energies, and
breaks the day's pace.
The Lord set aside a day for rest
and worship. This day allows
us to be in the Lord's
house and renews our energies
for the week to come.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

promising for the next school
year. The football teams look
very impressive and the band
is progressing extremely
well. In fact, many teachers
seem pleased at the response
they are getting in classes.
This year, classes vary in size
and in the number of
teachers. For example, the
largest class has 56 students
and is taught by three
teachers. The smallest class
has four students and is an
individual study course (no
teacher).

The first football game of
the regular season will be
played a week from
tomorrow (Friday) and all
organizations are preparing
for it. I think nothing would
be more welcome than to
have to wade water on the
opening game!

With 66 freshmen and only
59 seniors, the twelfth-

Stamford Man to Seek Democratic Party Post

Charles W. Stenholm of Stamford has announced his intentions to seek the post of State Democratic Party committeeman for the 30th Senatorial District.

Stenholm, who had indicated an interest in the position earlier, issued an official statement this week, saying, "The geographic nature of the 30th Senatorial District is in itself a tremendous challenge, which suggests a need for leadership with a broad knowledge of both the economic and political foundations of the area, as well as a sincere desire to represent all factions of the Democratic Party fairly."

The sprawling 30th District encompasses the area from Wichita Falls to near Abilene and goes as far west as Plainview on the High Plains.

Stenholm is seeking the committeeman post of L.G. (Butch) McCullough of Wichita Falls, who announced last week that he is not seeking reelection to the post.

Stenholm continued in his statement, "The Democratic Party is strong in Texas because Texas Democrats nominate candidates who can 'win in November.' I believe that it is imperative for the country that the National Party adopt the same continuing philosophy. Texas, itself, has such a candidate to offer in Senator Loyd Bentsen; therefore, I believe it is of utmost importance that the Texas influence in the Democratic Party be strongly enhanced and decidedly persuasive in National Party affairs."

The Stamford Democrat supported Loyd Bentsen in 1970 and attended in 1973 the "Evening with the Bentsens." He also supports the South Texas Senator for President in 1976.

A past caucus chairman of the 30th District in 1972, Stenholm said, "The 30th District represents the broadest possible background of political philosophies and, with energetic, enthusiastic,

dedicated leadership, with a willingness to work, the 30th District can have a profound influence on the Democratic Party.

"My support in this race is broadbased, gauged by those who have encouraged me to run. I have supported Gov. Dolph Briscoe actively over the past several years and have been active in working for Democrats in many other races. I have a willingness to work and a sincere desire to serve and be of service to the Democratic Party and the 30th District and will appreciate all support."

Born in Stamford, Stenholm is General Manager of Stamford Electric Cooperative, Inc. He is a graduate of Tarleton State Junior College, (now Tarleton State University) in Stephenville and Texas Tech University in Lubbock. A leading civic leader in Stamford, Stenholm is president of the Stamford Chamber of Commerce and Board of City Development and is a member of the Exchange Club.

A former school teacher, he has served on various boards of several organizations in his community and in the state.

He and his wife, Cindy, have three children, Chris, 11, Cary, 8, and Courtney Ann, 2.

Also seeking the 30th District committeeman post are two Wichita Falls attorneys, Lynn Darden and Elmer Parish. Parish has said he will actively campaign for the position while Darden denies actively seeking the position but admits he will serve if elected.

The 30th District has two committee posts, one for a man and one for a woman. Mrs. James Snyder of Baird holds the committeewoman position.

Services Held Tuesday for T. L. Baker

Funeral services for T. L. Baker, 65, of Rotan, father of Eugene Baker, were held Tuesday at 10 a.m. in Rotan's First Baptist Church.

Mr. Baker, a farmer-rancher north of Rotan, was shot to death Saturday morning allegedly by a trio of escaped convicts from Colorado. His body was found at the home.

He was born May 13, 1909, in Fisher County and had been a lifelong resident of the area. He married Thelma Anita Jones June 13, 1930, in Roby. She died Dec. 27, 1967.

He was a Baptist.

The Rev. Phillip Goodrum, a Baptist minister from Lamesa, Calif., and the Rev. Ray Singleton, area missionary from Odessa, both former pastors of Highland Home Baptist Church, officiated. Burial was in Bellview Cemetery.

Survivors are three sons, Eugene of Hamlin, Stanley of Brownwood, and Gary of Rotan; three brothers, Jim of Jayton, Bob of Dallas, and Charles of Amarillo; four sisters, Mrs. Stella Congleton of Abilene, Emma Jo Baker of Rotan, Mrs. Essie Copeland of Mineral Wells and Mrs. Ellen Gregory of Dallas and six grandchildren.

A daughter, Mrs. Betty Akins, died in 1967.

Pallbearers were O. M. Polk, W. E. Hale, Raymond Rains, J. A. McClain, Truett Strickland, J. P. Cyphers, Barney Horton and Hooper Shelton.

Emergency FmHA Loans Available On Livestock

Financial assistance to livestock and poultry producers under the Emergency Livestock Credit Act will become available next week through a new loan guarantee authority of the Farmers Home Administration (FmHA), a rural credit service of the U. S. Department of Agriculture.

Bill Grussendorf, FmHA County Supervisor, said the agency will be prepared to implement the recently-enacted law by guaranteeing up to 80 percent of possible loss on loans made by legally organized lenders to livestock and poultry producers. Under terms of

the act, the loan guarantee program will be in effect through July 25, 1975. It may be extended for six months beyond that date if the Secretary of Agriculture determines that it is needed to help the livestock industry obtain sufficient credit.

The law calls for loans to be made by banks or other legally organized lenders. Grussendorf said producers may make applications to, and complete loan arrangements with lending institutions. The lender in turn will ask FmHA for a loan guarantee if one is required. The lender will process the application, close the loan and service it.

The maximum loan to any single borrower that can be assisted by an FmHA guarantee is \$250,000. Loans will be repayable in one to three years, although renewal for two years may be authorized. Interest rates are determined between borrower and lender.

Grussendorf said the agency is authorized to guarantee up to 80 percent loss a lender may incur on loans to bonafide farmers and ranchers who breed, raise, fatten or market beef and dairy cattle, hogs, sheep, goats, chickens and turkeys. A majority of the borrower's time must be devoted to the livestock or poultry production.

In the case of a corporation or partnership, assistance can be extended only when the majority partners or stockholders are primarily engaged in the livestock or poultry production.

FmHA guarantees will be made only when the bonafide farmer or rancher cannot obtain financing without a guarantee. Loans may not be used to expand operations.

Grussendorf said the county FmHA office serving the area where the borrower's livestock or poultry operations are conducted will handle requests from lenders for guarantees, or supply information on the loan

Labor Day May Claim 34 In Traffic

AUSTIN—Colonel Wilson E. Speir, director of the Texas Department of Public Safety, today estimated that traffic accidents in Texas over the Labor Day Weekend will claim 34 lives.

Speir noted that traffic deaths in Texas, which earlier were running up to 30 percent under the 1973 toll, have been rising throughout the summer months. He said the upward trend is related to heavier traffic and an alarming disregard for the 55-mile speed limit.

The DPS director said every effort would be made to prevent accidents and deaths by placing all available DPS troopers on duty during the holiday period which extends from 6 p.m. Friday, Aug. 30, through midnight Monday, Sept. 2.

Speir noted that many local law enforcement agencies will be cooperating in the all out effort to make the streets and highways safe.

In addition, he said the DPS would be working with the

Mrs. I. J. Starr and daughter, Tweety, of Tyler visited with friends here last week. They were guests in the home of Mrs. Gertrude Bass.

NEWS AND VIEWS...

And What Have You

By BOB CRAIG

Apparently Hamlin just barely avoided being struck with disaster Saturday as the trio of convicts, who escaped from Colorado, killed T.L. Baker near Rotan, passed through Hamlin and then went on a rampage of shooting and killing in Central Texas.

Somewhere during this reign of terror the trio, switched from picking their victims on the basis of revenge to a wild shooting spree.

Fortunately for Hamlin residents, the trio passed through here without feeling the need for new transportation or anything else that they would have had to take by force. For this we can be eternally thankful.

We can also be eternally thankful that they did not hole up here. From all reports we have received about half of Hamlin must have been on hand when the officers searched the homes here. Had they been holed up in any one of these homes there is no telling how many of the curiosity seekers might have gotten in the way of a bullet before the battle was over.

It is bad enough that we have all of these unneeded people at fires and other disaster areas but it is just plain stupid of people to gather around something like this. In the first place they are endangering their own safety and in the second place they only hamper those who are trying to do a dangerous task.

One can only wonder how many curiosity seekers have been drawn to the Stephenville area endangering both their lives and the lives of the Lawmen trying to do their job.

We would like to express our appreciation to all of you who took time to vote Saturday, regardless of how you voted. Naturally, we were quite pleased that the bond election passed and we can now go ahead with the work needed to insure that Hamlin has its needed medical facilities in the years ahead.

But nearly as important as the outcome was the fact that a large number of residents within the district turned out to vote. Even as large as the turnout was it still was probably not half of the qualified voters within the district.

We think that you might enjoy the following bit of humor by my friend Bob Miller, publisher of the Hamilton Herald-News:

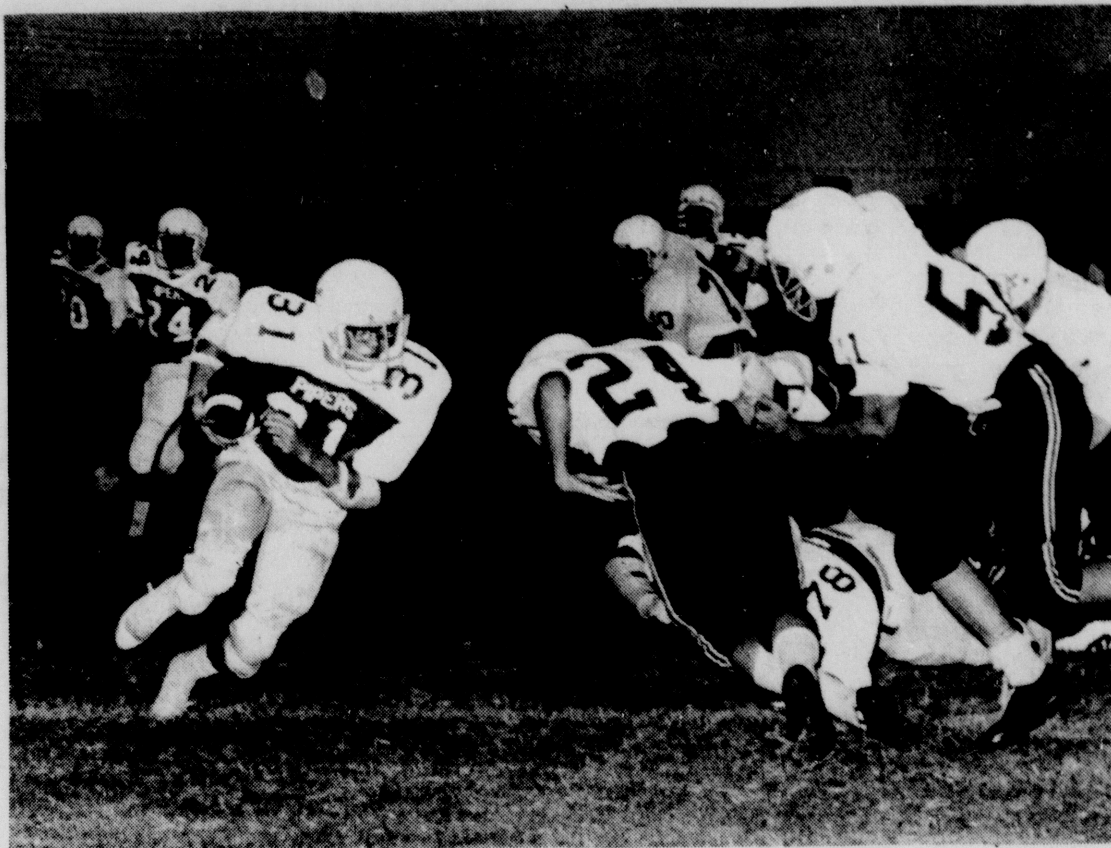

Boy, did I breathe a sigh of relief when President Gerald Ford nominated Nelson Rockefeller for vice president Tuesday morning. I was holding my breath for fear that he would nominate me.

Everything was going along all right while they were talking about nominating Howard Baker, Barry Goldwater, George Bush or Rockefeller, among others. But one by one these people were eliminated as politics took their toll. After Newsweek bushwhacked Bush, there appeared to be no one left. Rockefeller was said to be too liberal, a remark that has nothing to do with how much he puts in the collection plate on Sunday.

For a couple of days there were rumors coming out of Washington that Ford was going to nominate a compromise candidate: someone who had never been in politics, was young enough to assume the presidency in an emergency, who had never accepted pay to influence a vote, and who was unknown in Washington.

That's a four-way description of me and a couple of other fellows I know, and I wouldn't vote for them. So I got to thinking the President might nominate me. I am not as old as I look and can certainly meet the age requirement. The only time I

KILL AREA RANCHER—

Trio Creates Wave of Terror Through Area

A three-day reign of terror came to an end near Stephenville early Tuesday morning with the capture of two escaped Colorado convicts and the death of the third one. Before their capture the trio killed two and wounded five and assaulted two women that they had kidnapped in New Mexico.

T. L. Baker, father of Eugene Baker of Hamlin, was the first victim of the trio early Saturday morning at his ranch home in Stonewall County. News reports indicate that Baker's death was a revenge killing for his testimony against one of the three escaped convicts, but his son Eugene said Monday that his father had not testified in any trial.

The gun used by Dalton Williams in a shooting spree in Colorado that led to his imprisonment at the

Colorado State Penitentiary in Canon City was reportedly taken from the Baker home by Ray Dean Campbell and Williams earlier this year. Campbell is still serving time in the Colorado prison and reportedly is the one that warned Colorado Prison authorities that the escaped trio might be on their way to Texas seeking revenge.

The escaped trio were Dalton Williams, 29, formerly of Snyder; Jerry Ulmer, 22, also formerly of Snyder; and Richard Magnum, 22. Magnum was killed and Ulmer was wounded during the capture early Tuesday morning by lawmen called in from all over the state in the man hunt that lasted for three days.

Following their escape from the Colorado prison, the trio stole several cars in Colorado and New Mexico before abducting the two girls in New Mexico. They abandoned the girl's car and stole a pickup with a camper cover on it in New Mexico. This is the vehicle that they remained in from some time Friday until late Saturday evening when they stole a car in Breckenridge.

Mr. Baker was apparently gunned down by the trio at his ranch home 16 miles north of Rotan early Saturday morning. His son, Gary, came upon the trio at his father's home after the shooting and was left tied to a utility pole. He later escaped and alerted officers. He first reported his father as being kidnapped but

the body of Mr. Baker was discovered by authorities at the home.

According to Hamlin Police Chief Ed Wheat, the trio was reported to have been spotted in Hamlin about 9:30 but this was before the report was out that the men were being sought.

Mr. Baker was apparently warned Friday that the trio had escaped and that they might be on the way down here looking for revenge against him. He was warned by the father of Campbell, Slim Campbell of Rotan, after Ray Dean had called his father to warn Mr. Baker.

Mr. Baker checked with the Stonewall County Sheriff's department Friday but no report was out about a Colorado prison break. It was some 17 to 18 hours later before the sheriff's department received an answer from the Colorado authorities. This was after Mr. Baker had already been killed by the trio.

After reports were received here about the trio and they were reported to have been sighted, area law enforcement officers converged on Hamlin to check out the homes of J. W. Turner, Williams' father-in-law, and Mrs. Felton West, Mrs. Turner's mother. A helicopter from the Texas Department of Public Safety out of Midland took part in the search here.

The trio was not heard from again until late Saturday evening when they tied up a

young Breckenridge man and stole his car. The men stole the car about 7 p.m. Saturday and it was 8:30 before the man was able to draw the attention of neighbors and report the theft to officers.

Following this the men released the two girls on the outskirts of Graham and then were next sighted near Mineral Wells where they shot up a Highway Patrol car. After this the trio allegedly killed Mrs. Ray Ott and injured her husband

at their home near Strawn. The couple is reported to have testified against one of the three men. The men shot and wounded at least three others as they created a wave of terror throughout the northern part of Erath County just north of Stephenville.

When their last known stolen vehicle was found abandoned in the area, over 200 law enforcement officers, federal, state and area officers, converged on about a

five-square-mile area. It was not until sometime Monday that the trio was seen again and it was early Tuesday morning when they tried to break out of the closed off area and were captured.

Taking part in the manhunt Saturday and part of Sunday were Jones County Sheriff Woodrow Simmons and his deputy, Bill Erwin; Stonewall County Sheriff Marvin Crawford and Hamlin Police Sergeant Doyce Gillilan.

Hospital Bonds Get Nearly 3-1 Approval

Qualified voters within the Hamlin Hospital District gave nearly a 3-1 approval to the \$500,000 bond election here Saturday. With 753 votes cast, 555 voted in favor of the issue while only 198 opposed it.

The bond issue is the second one approved by the district for the purpose of remodeling the Hamlin Memorial Hospital. The election was called by the Board of Directors after it was learned that the original \$500,000 bond issue voted in December would not be

enough to handle the needs of the district.

A strong turnout of voters from the southern part of the

Jim Watson Recovering From Surgery

Jim Watson, who is recovering in John Sealy Hospital in Galveston after a kidney transplant there last Tuesday, talked with friends here Sunday and said that although he was experiencing some complications, his doctors indicated that these were to be expected.

Jim, talking to L. C. Bonds, his father's employer, said that the kidney was functioning well and doctors note that it is not unusual to be experiencing some problems. A careful watch on high blood pressure and dehydration is being maintained.

Jim, only son of Mr. and Mrs. W. M. Watson, and his mother flew to Galveston last Tuesday morning where he was taken to surgery that evening. He had been taking dialysis treatments three times weekly in Abilene since both kidneys were removed last September.

They were notified Monday evening that a donor with matching blood type had been found. After further checking to determine a perfect match, Jim was told to report to Galveston for surgery.

The Jim Watson Fund at Farmers and Merchants National Bank was started by friends last week to aid the family with mounting expenses. Tuesday, the amount deposited was over \$700. More donations have been given to be added to this amount. Over \$250 was given by friends earlier to provide the air ambulance for the flight to Galveston.

district were on hand to express their opposition to the election. According to an Abilene Reporter-News story about 100 landowners in the southern part of the county met last month to plan their opposition to the district.

Tip Carter, a spokesman for the group, said that the landowners have hired two attorneys, Charles Clark of Tyler and Jim Miller of Fort Worth to see if there is any legal way to have the district invalidated.

A number of people were turned away from the polls here Saturday who owned property within the district but did not reside within the district. Only those living within the district were eligible to vote on the bond election. The same rules apply to hospital districts that apply to city, school, county or state elections.

The Hospital Board voted to call the second bond election after receiving estimates of the cost of remodeling from the architect hired by the district, Don Hampton of Sweetwater.

The additional bonds were needed to meet the increased costs of remodeling of the hospital to meet federal and state requirements. Current estimates of the cost of remodeling has been set at \$650,000. In addition, the district will need to spend an estimated \$200,000 on equipment

School Announces Free
Lunch Policy for Year

Bob Hawes, superin-
tendent, this week announced
a free lunch policy for the
Hamlin Public School
children unable to pay.
Local school officials have
adopted the following family
size and income scale to
assist them in determining
eligibility.

**Revised Free Lunch
Eligibility Income Scale**
(Minimum Guidelines In-
creased by 25 percent) 1974-
75.

Family Size	Family Annual Income
1	\$0-2910
2	0-3830
3	0-4740
4	0-5640
5	0-6480
6	0-7310
7	0-8060
8	0-8810
9	0-9510
10	0-10,190
11	0-10,860
12	0-11,530

Each additional family
member \$670
Families falling within
these scales or those suf-
fering from unusual cir-
cumstances or hardships are
urged to apply for free lun-
ches for their children. They
may do so by filling in the
application forms sent home
in a letter to parents. Ad-
ditional copies are available
at the principal's office in
each school.

Applications may be
submitted any time during
the school year. The form
itself is simple to complete
and requests information
needed to determine
economic need based on the
income and number of per-
sons in the family and any
unusual circumstances or
hardships which affect the
family's ability to pay for a
school lunch.

The information provided
on the application will be
confidential and will be used
only for the purpose of
determining eligibility.

Under the provisions of the
policy, the school principal
will review applications and

determine eligibility. If a
parent is dissatisfied with the
ruling of the local official he
may make a request either
orally or in writing for a
hearing to appeal the
decision. The superintendent
has been designated as the
hearing official. Hearing
procedures are outlined in the
policy.

The policy also provides
that there will be no iden-
tification of or discrimination
against any student unable to
pay the full cost of a lunch.
A complete copy of the
policy is on file in each school
and in the office of the
superintendent where it may
be reviewed by any in-
terested person.

Reddy's consumer tips on ...
lighting

Edison's light bulb has come a long way since it first lit up the
night in 1879; today, lighting is such a natural part of our lives
we hardly give it a thought. But the fact is, the more choice we
have in how we can use light, the more attention we should pay
to how we buy and use light bulbs and lighting fixtures. Put a lit-
tle more light in your life by following Reddy's money-saving,
energy-conserving lighting tips:

CARE FOR LIGHTING EQUIPMENT

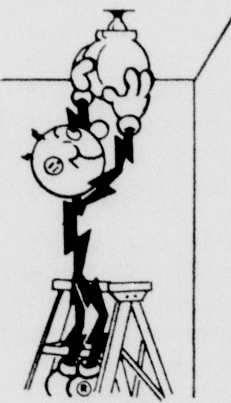

Dust and dirt alone cause substan-
tial losses in the amount of light
produced. Systematic cleaning is
important. Clean lamp bulbs
(when they are cool) with a damp
cloth.

Check frequently for defective
cords or plugs. Replace or
repair them immediately if
they are faulty.

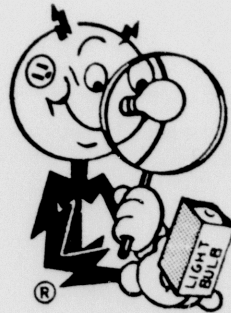

LESS IS MORE

Generally, you'll get more
light for your money if
you use the least amount
of bulbs that give the
light you need. For in-
stance, one 100-watt bulb
gives more light than
three 40-watt bulbs—and
costs about one-third less
to buy and replace.

READ THE LABEL

Speaking of "lumens," you'll find
that all light bulbs have three
ratings on their packaging. Lumens
tell you what the light output or
performance of the bulb is. "Watts"
tell you how much electricity is
needed to produce that light, and
"bulb life" is the estimated length of
time it will take the filament inside
the bulb to burn out. When
brightness is more important than
bulb life—for reading, studying or
working—choose the "standard" life
bulb that gives you the most lumens
for its wattage.

Remember, Reddy supplies the energy, but only you
can use it wisely!

Miss Smart, Eddie Gibson Plan Wedding

Mr. and Mrs. James G. Smart of McCaulley are announcing the engagement of their daughter, Tiny Ann, to Eddie Wayne Gibson, son of Edwart T. Gibson of McCaulley and the late Mrs. Gibson.

A wedding date will be set later.

Miss Smart is a senior at McCaulley High School.

Her fiancé is a 1973 graduate of McCaulley High School and is a sophomore at Tarleton State University, Stephenville.

Volunteers Sought for Right to Read

Parents to volunteer to assist in the local elementary school Right to Read program are being sought by school personnel.

Those who volunteer will be used in the resource center manipulating various learning centers, according to Larry Butler, principal. The resource center is under the direction of Mrs. Richard Young.

Parents who have an hour or two a day for a few days a week are asked to come by the elementary school and inquire at the resource room.

"Through parental involvement," Butler said, "hopefully, all children who desire or earn extra help will benefit from added instruction."

New Activities Planned for Lodge Guests

A new program being initiated by Mrs. Robert Christian, activity director, at Holiday Lodge is providing activities and services for Lodge residents.

Mrs. Christian is organizing game activities and various entertainment for the residents as well as providing needed services for the patients.

Tuesday afternoon a coronation ceremony was held and John Dominey was crowned as king and Lola Williams was crowned as queen for the month of August. Their selection was made by vote of the residents.

Mrs. Christian also is requesting the assistance of volunteers to provide needed services for the residents.

Needed are people to read to those who cannot manage as well as they once did, and someone or a group to mend clothing.

Other needs include a group to sponsor the birthday party each month by furnishing a cake and persons to serve.

Anyone wishing to help with these or other worthwhile endeavors should contact Mrs. Christian at 576-2329 after 5 p.m.

NEWS FROM

McCAULLEY

By MRS. FRED KEMP

Mrs. James Smart spent last week in Fort Worth visiting her brother and her mother, Mrs. T. A. Tenny. Mrs. Tenny is in an Arlington Hospital.

Mr. and Mrs. Larry Smart of Lometa and son Jamie visited in the James Smart home this weekend.

Glenn Dowell has been home on a few days furlough from Helicopter Training School. He is being sent to Germany when he returns to camp. Glenn bought himself a new Ford while here which he plans to leave with his parents Mr. and Mrs. Harvey Dowell while he is away.

Mrs. Bill Young is in Room 6A, John Sealy Hospital, Galveston, Tx., if someone would like to write her.

A Tupperware Party hosted by Mrs. Olin Dennis was given by Mrs. LaFoy Patterson, agent.

Mr. and Mrs. Truett Jeffrey, Mr. and Mrs. Pratt Cox, Buddie Gibson, Kay Brown, Scottie Brown, Eddie Gibson and Tiny Smart attended the Gibson Reunion in Brownwood last weekend.

Denise Smart of Fort Worth visited Tiny Smart and her grandmother Mrs. T. W. Current recently.

McCaulley graduates on college campuses this fall are: Bobbie Kirby, daughter of Mr. and Mrs. Robert Kirby at McMurry, a senior majoring in Elementary Education; David Hill, son of Mr. and Mrs. Orvel Hill will do graduate work at Tarleton; Eddie Gibson, son of Buddie Gibson returned to Tarleton, a sophomore; Randy Williams, son of Mr. and Mrs. Roy Williams, to McMurry, a sophomore; Jana Jeffrey, daughter of Mr. and Mrs. Billy W. Jeffrey, entered McMurry as a freshman.

Mrs. Dennis O'Bryant is in the Callan Hospital of Rotan, suffering from a back ailment.

Mr. and Mrs. John Edd Reed attended the funeral of Fred Alexander at Clyde Monday afternoon. Mr. Alexander is a former resident of McCaulley.

Robert (Goodie) Kirby has just returned from a trip to Tyler, Hubbard City and Bynum where he visited a brother, sister and a sister-in-law.

Mr. and Mrs. Port Williams of Hamlin and Lon Ward of Roscoe visited in the home of the Fred Kemps Sunday afternoon. Mr. Ward is Mrs.

and Jerry Crooker, both of Abilene; 3. Mrs. Dale Lain and Preston Morrow of Rotan.

Addresses of Former HHS Students Being Sought

Officers of the Hamlin Ex-Student Association are still seeking addresses of former students as they prepare the mailing for the upcoming Homecoming Oct. 11-12.

A list of names submitted this week include the following: Janie Sue Carpenter, Bill Kelly, Russell Willingham, Leonard Sowell, Mary Ann Gardner, Margaret Camfield, Ed Elliott, Marcus Mullins, William Elliott, Zemmia Dillion, Leona Crawford, Billie Jones, Bennie Jones, Catherine Elliott, Billie

Smith, Larry Snyder, Dale Estes, Ora Howard, Morris Barrett, Rowena McNutt, Doris Stelzig, Ava Beatty, Kyle Jones, Bessie Brooks, James Whitely, Timothy Tanner, Alice Moore, James Austin, Pamela Austin, Stanley Austin, Estelle Willis, Delta Mae Henry, Christine Mosley, Mary Frances Anderson, Annie Laurie Wilder, Roberta Akeson, Sam Anita King, Kenneth Kelly, Elvenor Adair, Cynthia Kay Wills, Vivian Beck, John Flores, Donald Burge, Bobbie Ray Tims,

FIFTY YEARS AGO
(August 29, 1924)

At a special called conference of the Baptist church, Wednesday night it was voted to instruct the Pulpit Committee to invite Rev. Reeves to hold a ten days revival in Hamlin, beginning Monday night, September 1.

The Jones County Baptist Association will convene with the Elliott Baptist Church, six miles south of Anson, Thursday, September 4, and extend to Sunday, September 7. Representatives from the Baptist State Board are expected to be present and take part in the program. Rev. J.H. Edmonds of Anson will preach the annual sermon, Thursday, at 11:00 a.m. A.S. Barkley is moderator and W.C. Cutrell secretary of the association.

A fine rain amounting to one and one-fourth inches has put a different smile on the face of everything. Cotton will undoubtedly be benefitted. This weeks rain came after a period of very hot weather. Sunday was one of the hottest in a long time.

The Hamlin School Board has authorized the Hamlin school to be opened Wednesday, September 10. The faculty will be in session the two preceding days, of September 8 and 9, making extensive preparations for the beginning of their work.

TWENTY YEARS AGO
(August 27, 1954)

Campaign to clamp down on loud mufflers on automobiles on the streets of Hamlin will be inaugurated this weekend, it was announced by city officials first of the week. Police J.H. Foster, T.W. (Mickey) McGuire and Earl Hines will work in the drive.

Four additions and seven rededications were visible result in the eight-day revival meeting that closed Sunday night at the Golan Methodist Church, reports Rev. Gene Louder, pastor.

Don Crowley, June graduate of Hamlin High School, was notified this week that he had been named winner of the all-expense four-year scholarship at Texas Technological College given by the Texas Pacific Coal & Oil Company.

Dates for the annual Jaycee Carnival have been announced for September 9-12 according to C.R. Dansby, president of the Hamlin Junior Chamber of Commerce. The carnival will be held at the corner of

Southwest Third and Avenue A on the Farmers and Merchants National Bank parking lot.

Winters beat the Hamlin Rebels Saturday morning in the Abilene Tournament 2-0. San Angelo came from behind in the last inning to beat the Rebels 10-3 and put them out of the tournament.

was ever in politics was when I lost out on being delegate to the precinct convention. Nobody in Washington knows me or has my address except the I.R.S. and the Selective Service. And, unfortunately, nobody has ever offered me any cash to use influence.

The first realization that they might be talking about me as vice president gave me a thrill. But then I read about the national debt, compared it with my own, and concluded that the federal government is the only outfit in the United States that has bigger problems than I do.

That is why I was so relieved Tuesday when President Ford announced that he had decided to nominate Nelson Rockefeller. As George Bush so intelligently remarked after the selection was announced, "Nelson is obviously the number one man for the job." To me, of course, this was not obvious until the President made him number one.

Reflection on the appointment confirms my faith in the wisdom of the President. Who in this country could look at the national debt and be able to pay it off if he didn't like it? No one but Rockefeller that I know of. The fact that Rockefeller is said to be liberal gives hope that he might do that very thing.

And I liked the way he answered reporters on the question of public disclosure of finances. Disclosing my financial condition would be a personal embarrassment to me, but the man the President picked could do it with a swagger. In fact, he showed class when he told the reporters it was none of their business, but that he would tell Congress anything they wanted to know.

He probably figures Congress wouldn't understand his finances any better than they understand the national budget.

Party Honors
Bo Newland

M. D. (Bo) Newland, service technician, operating department, customer service, Lone Star Gas Company, will retire Aug. 31 after more than 25 years of service.

Newland was honored with a retirement party last week. Gas Company employees from Stamford District were guests. Those attending were from Haskell, Anson, Stamford and Hamlin.

REST

A day of play has tired
this little one, but now
sleep will bring about the
needed rest. This is the time
for restoring energies, and
breaks the day's pace.
The Lord set aside a day for rest
and worship. This day allows
us to be in the Lord's
house and renews our energies
for the week to come.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

promising for the next school year. The football teams look very impressive and the band is progressing extremely well. In fact, many teachers seem pleased at the response they are getting in classes. This year, classes vary in size and in the number of teachers. For example, the largest class has 56 students and is taught by three teachers. The smallest class has four students and is an individual study course (no teacher).

The first football game of the regular season will be played a week from tomorrow (Friday) and all organizations are preparing for it. I think nothing would be more welcome than to have to wade water on the opening game!

With 66 freshmen and only 59 seniors, the twelfth-graders may have to work harder to maintain their hold on the horrified and unlucky newcomers. Senior rings have arrived, however, and for those of you who don't remember, this means an even tighter grip on the freshmen.

Reserved seat tickets are still on sale at the high school at \$7.50 for the five home games.

Good luck at the Olney scrimmage Friday!

DISTRICT COMMITTEEMAN—

Stamford Man to Seek Democratic Party Post

Charles W. Stenholm of Stamford has announced his intentions to seek the post of State Democratic Party committeeman for the 30th Senatorial District.

Stenholm, who had indicated an interest in the position earlier, issued an official statement this week, saying, "The geographic nature of the 30th Senatorial District is in itself a tremendous challenge, which suggests a need for leadership with a broad knowledge of both the economic and political foundations of the area, as well as a sincere desire to represent all factions of the Democratic Party fairly."

The sprawling 30th District encompasses the area from Wichita Falls to near Abilene and goes as far west as Plainview on the High Plains.

Stenholm is seeking the committeeman post of L.G. (Butch) McCullough of Wichita Falls, who announced last week that he is not seeking reelection to the post.

Stenholm continued in his statement, "The Democratic Party is strong in Texas because Texas Democrats nominate candidates who can 'win in November.' I believe that it is imperative for the country that the National Party adopt the same continuing philosophy. Texas, itself, has such a candidate to offer in Senator Loyd Bentsen; therefore, I believe it is of utmost importance that the Texas influence in the Democratic Party be strongly enhanced and decidedly persuasive in National Party affairs."

The Stamford Democrat supported Loyd Bentsen in 1970 and attended in 1973 the "Evening with the Bentsens." He also supports the South Texas Senator for President in 1976.

A past caucus chairman of the 30th District in 1972, Stenholm said, "The 30th District represents the broadest possible background of political philosophies and, with energetic, enthusiastic,

dedicated leadership, with a willingness to work, the 30th District can have a profound influence on the Democratic Party.

"My support in this race is broadbased, gauged by those who have encouraged me to run. I have supported Gov. Dolph Briscoe actively over the past several years and have been active in working for Democrats in many other races. I have a willingness to work and a sincere desire to serve and be of service to the Democratic Party and the 30th District and will appreciate all support."

Born in Stamford, Stenholm is General Manager of Stamford Electric Cooperative, Inc. He is a graduate of Tarleton State Junior College, (now Tarleton State University) in Stephenville and Texas Tech University in Lubbock. A leading civic leader in Stamford, Stenholm is president of the Stamford Chamber of Commerce and Board of City Development and is a member of the Exchange Club.

A former school teacher, he has served on various boards of several organizations in his community and in the state.

He and his wife, Cindy, have three children, Chris, 11, Cary, 8, and Courtney Ann, 2.

Also seeking the 30th District committeeman post are two Wichita Falls attorneys, Lynn Darden and Elmer Parish. Parish has said he will actively campaign for the position while Darden denies actively seeking the position but admits he will serve if elected.

The 30th District has two committee posts, one for a man and one for a woman. Mrs. James Snyder of Baird holds the committeewoman position.

Services Held Tuesday for T. L. Baker

Funeral services for T. L. Baker, 65, of Rotan, father of Eugene Baker, were held Tuesday at 10 a.m. in Rotan's First Baptist Church.

Mr. Baker, a farmer-rancher north of Rotan, was shot to death Saturday morning allegedly by a trio of escaped convicts from Colorado. His body was found at the home.

He was born May 13, 1909, in Fisher County and had been a lifelong resident of the area. He married Thelma Anita Jones June 13, 1930, in Roby. She died Dec. 27, 1967.

He was a Baptist. The Rev. Phillip Goodrum, a Baptist minister from Lamesa, Calif., and the Rev. Ray Singleton, area missionary from Odessa, both former pastors of Highland Home Baptist Church, officiated. Burial was in Bellview Cemetery.

Survivors are three sons, Eugene of Hamlin, Stanley of Brownwood, and Gary of Rotan; three brothers, Jim of Jayton, Bob of Dallas, and Charles of Amarillo; four sisters, Mrs. Stella Congleton of Abilene, Emma Jo Baker of Rotan, Mrs. Essie Copeland of Mineral Wells and Mrs. Ellen Gregory of Dallas and six grandchildren.

A daughter, Mrs. Betty Akins, died in 1967.

Pallbearers were O. M. Polk, W. E. Hale, Raymond Rains, J. A. McClain, Truett Strickland, J. P. Cyphers, Barney Horton and Hooper Shelton.

Services Held In Rotan for A. L. Carter

Funeral services for Arthur L. Carter, 63, of Abilene were held at 4 p.m. last Wednesday in First Baptist Church of Rotan.

Mr. Carter died at 6 p.m. Monday, Aug. 19 in Abilene's West Texas Medical Center after an illness of several months.

The Rev. Ross Anderson, pastor of Cross Roads Baptist Church, the Rev. Fred Thomas, pastor of First

Emergency FmHA Loans Available On Livestock

Financial assistance to livestock and poultry producers under the Emergency Livestock Credit Act will become available next week through a new loan guarantee authority of the Farmers Home Administration (FmHA), a rural credit service of the U. S. Department of Agriculture.

Bill Grussendorf, FmHA County Supervisor, said the agency will be prepared to implement the recently enacted law by guaranteeing up to 80 percent of possible loss on loans made by legally organized lenders to livestock and poultry producers. Under terms of

the act, the loan guarantee program will be in effect through July 25, 1975. It may be extended for six months beyond that date if the Secretary of Agriculture determines that it is needed to help the livestock industry obtain sufficient credit.

The law calls for loans to be made by banks or other legally organized lenders. Grussendorf said producers may make applications to, and complete loan arrangements with lending institutions. The lender in turn will ask FmHA for a loan guarantee if one is required. The lender will process the application, close the loan and service it.

Baptist Church in Rotan, and the Rev. Marshall Stewart, pastor of the Church of the Nazarene in Hamlin, officiated.

Burial was in Rotan cemetery directed by Weathersbee Funeral Home. Born May 19, 1911, in Erath County, he married Vernie Carter Nov. 20, 1937, in Goodnight. They lived in Fisher County from 1946 to 1960. They lived in Tampa and in California before establishing drive-in restaurants in Hamlin, Haskell and later in Stamford.

Mr. Carter was a Baptist and a member of the Masonic Lodge for 25 years.

Survivors include his wife; three sons, Mike of Hobbs, N. Mex., Pat of Hamlin and Terry of San Antonio; his parents, Mr. and Mrs. C. C. Carter of Rotan; four brothers, Horace and James, both of Rotan, Roy of Snyder and the Rev. John Carter of San Diego, Calif.; two sisters, Mrs. Odell McQueen and Mrs. Carl Singley, both of Rotan; and seven grandchildren.

He was preceded in death by three brothers, Grover, Ozell and Ray.

Pallbearers were Truett Strickland, Glen Strickland, Barney Horton, Richard Ray, Billy West, Myron Baird, Herman Boyd and Floyd Price.

news media in a special public education program called "Operation Motorcade." A concerted effort will be made to focus public attention on where and why fatal accidents are occurring during the holiday.

Labor Day May Claim 34 In Traffic

AUSTIN—Colonel Wilson E. Speir, director of the Texas Department of Public Safety, today estimated that traffic accidents in Texas over the Labor Day Weekend will claim 34 lives.

Speir noted that traffic deaths in Texas, which earlier were running up to 30 percent under the 1973 toll, have been rising throughout the summer months. He said the upward trend is related to heavier traffic and an alarming disregard for the 55-mile speed limit.

The DPS director said every effort would be made to prevent accidents and deaths by placing all available DPS troopers on duty during the holiday period which extends from 6 p.m. Friday, Aug. 30, through midnight Monday, Sept. 2.

Speir noted that many local law enforcement agencies will be cooperating in the all out effort to make the streets and highways safe.

In addition, he said the DPS would be working with the

Pursuant to Regulations promulgated by the Federal Trade Commission, the following information concerning the bonus card program is furnished to you:

Bonus Cards are distributed by participating stores in units of 6,000 cards each. In each unit of 6,000 cards there is one card with a \$1,000.00 award; one card with a \$250.00 award; 18 cards with \$100.00 awards; 17 cards with \$50.00 awards; 35 cards with \$20.00 awards; 100 cards with 1000 stamp awards; 400 cards with 500 stamp awards; and 5433 cards with 200 stamp awards.

To determine the exact odds of winning any award, divide the number of winning cards for any denomination into 6,000.

The geographic area covered by the program is the State in which the store from which you obtained this card is situated. The total number of retail outlets participating in the program is fourteen. Although other retail outlets may participate in the program, the chances of winning an award is determined on the unit basis only and is not related to any other stores.

Void after published expiration date.

Employees and their families not eligible to participate.

Why Give Away Free Stamps and Money?

Frankly, we admit we want you to visit our stores.

When you do, start on your way to a fabulous BONANZA by getting a FREE store visit punch on your card!

When you have completed the free store visit portion, a store official will remove the seal and give you the award shown.

**THIS CARD IS A WINNER!
IT MAY BE WORTH \$1,000!**
